

Event Template

An event content type is used to create a page for a single event or a series of events. These are then displayed in a listing.

The event content type is used for a number of different listings (News and Events, Undergraduate).

An event page can be created by a moderator who has the correct permissions to do so. An event can also be submitted by using the form at: <https://www.ox.ac.uk/event/submit>

Main content tab

Title

This is the title of the page and appears on the page as a h1, beneath the breadcrumb. It is also used to create the URL.

Series

If the event is part of a series then you can add the series title here. If the series has already been created then as you type it should appear in a dropdown.

Speakers label

The title for the speaker of the event. In most cases this will just be 'Speaker'.

Speakers

Add the speaker(s) name in the fields provided.

Convener

If the event has a convener then you can enter a name in the field provided.

Event date

Add the date of the event. You can also click the Show end date box to add an end date for a series of events or an event that covers more than one day.

Event time

Add the start time and end time of the event

Event audience

Use the dropdown list to indicate whether the event is for the general public or for a university audience only.

Staff Event type

This field can be ignored as it is no longer used.

Staff Event series

This field can be ignored as it is no longer used.

Undergraduate Outreach

The following fields are required for an event that is to appear in the Undergraduate outreach event listing ([admissions/undergraduate/increasing-access/events-calendar](https://admissions.undergraduate/increasing-access/events-calendar)). They are not required for a general event.

Outreach Audience

Choose the audience type.

Outreach Age Range

Add the age group for the event

Outreach Location

Add an event location from the dropdown list.

▼ **UNDERGRADUATE OUTREACH**

Outreach Audience

Parents

Students

Teachers

Outreach Age Range

Age 11–12 (year 7)

Age 12–13 (year 8)

Age 13–14 (year 9)

Age 14–15 (year 10)

Age 15–16 (year 11)

Age 16–17 (year 12)

Age 17–18 (year 13)

All ages

Primary School

Outreach Location

- None - ▼

Event cost

Add the event cost or add 'Free' if there is no cost.

Booking required

Use the dropdown list if the booking is recommended or required.

Online booking url

Add the url to the online booking page.

Body

You can add a full description of the event or further details in the Body field. This will display as a text block beneath the event details.

Further Information URL

Add the url to a page of further information.

Event Location tab

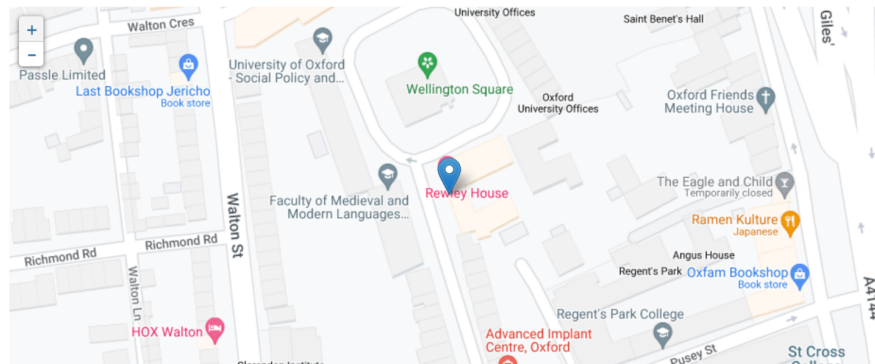

These fields are used to display an address for the event venue and to display the venue on a map.

Venue	Rewley House 1 Wellington Square Oxford Oxfordshire OX1 2JA
Venue details	Lecture Theatre
Event type	Lectures and seminars
Event cost	Free
Disabled access?	Yes
Booking required	Recommended
Online booking	Book online here
Further information	https://www.conted.ox.ac.uk/events/view/reflections-on-developments-in-the-use-o...

Dr Michael Larkin reflects on developments in the use of interpretative phenomenological analysis (IPA).

This free guest lecture is part of the Advanced Qualitative Research Methods module from the part-time Postgraduate Certificate in Qualitative Health Research Methods, part of the Oxford University Evidence-Based Health Care (EBHC) programme.

Free and open to all. Please select the green 'register' button to book your place.

Disabled access?

Check the box if there is disabled access to the venue.

Oxpoints Location

Currently it doesn't work so please ignore this field.

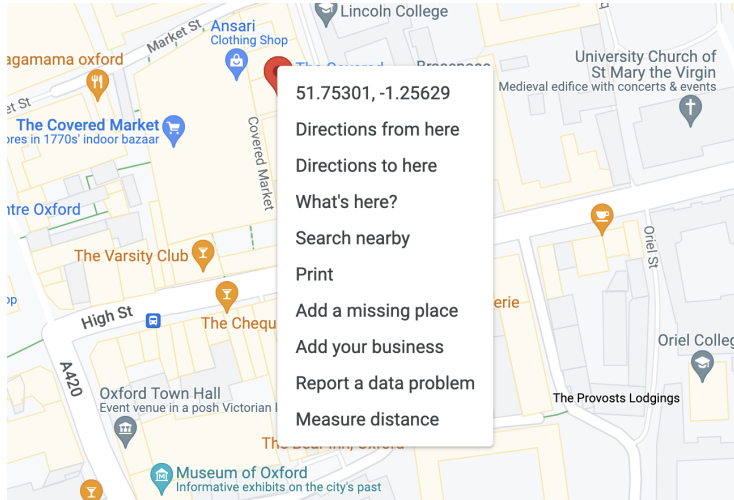

Venue

Add the full address of the venue location

Event Coordinates

Add latitude and longitude coordinates for the venue's location. This will be used to create a location pin on a map.

You can use google maps to determine what the latitude and longitude coordinates are and then copy these into the fields. Place your cursor on the location, right click to bring up a dialogue box, then copy the latitude and longitude coordinates (the top numbers in the box).

Venue details

You can add further details about the venue in this field.

Contacts tab

You can add various contact information for your event using these fields.

Administrative contacts

events@hsm.ox.ac.uk

Join us to celebrate the birthday of radio pioneer Guglielmo Marconi.

Come and experience the world of radio with our friends from the Oxford and District Amateur Radio Society (ODARS).

You'll find our Basement Gallery transformed into an amateur radio station for the day, and we'll be in radio contact with people across the globe.
